

**USC TROJANTRANSPOTATION SERVICES
DART APPLICATION**

Disability Access to Road Transportation (DART)

DART is a free service provided by TrojanTransportation to transport students, faculty and staff, with temporary mobility impairments around the USC campus. We have recently extended this service to include expecting mothers.

When registering please specify dates, times, and both pick-up and drop off locations (note: students using our DART service are responsible for arranging transportation to and from campus).

Guidelines:

- This service is provided for members of the USC community.
- Our service does not cover any area outside of the campus (i.e. off campus housing, University Village, etc.).
- Everyone registering for the DART service should also be able to get in and out of a standard golf cart without assistance.
- DART will only travel to destinations within the campus. Travel outside of campus is restricted (will not cross Figueroa, Jefferson, Vermont, or Exposition).
- Drivers are instructed to wait no more than five minutes pas the pick up time. If you are not ready at the pick up location with that time, drivers will leave without you. If you do not require a pick up, please call in advance and cancel the ride.
- Service will be terminated after one week of missed pick-ups. If service is no longer needed, please contact the Transportation Office to be removed from the schedule.

The hours of the DART program are Monday – Friday, from 9:00 a.m. – 5:00 p.m. during the academic school year.
