USC Transportation Memorandum

To: Campus Community
From: USC Transportation
Subj: Union Station Berth Changes

USC Campus Community,

Metro has announced that effective immediately, Foothill Transit Route 699 will operate out of Berth 4 along with our USC buses. Although the change is listed on Metro’s website to last through July 10th, we have been notified by their Executive Director that the change will be permanent.

Due to this change, Metro has advised that we will need to adhere to our current Union Station schedule which has a USC bus departing for either HSC or UPC every five minutes from 7 a.m. until 9 a.m. We will not be allowed to add any additional departure or arrival times between these hours.

Additionally, they will actively monitor our procedures to ensure we remain parked only for the amount of time it takes to load and unload passengers. We will not be allowed to pull into the berth and wait for passengers. That being said, it will be imperative that our drivers do not pull into the berth until it is time to load passengers. If we arrive at the berth early or we arrive while a Foothill Transit bus is loading or unloading, we will need to circle around the plaza until the time noted on our website or until the berth is clear. We are not allowed to double park buses or attempt to park two buses in the berth.

We apologize for any issues you experience due to the new changes. We understand the inconvenience these changes will cause and that they may result in changes to your traveling schedule. We will post any additional updates on USCTransportation’s Facebook page and on the @USCBuses Twitter page. You may also receive text notifications of changes by texting “Follow @USCBuses” to 40404. We appreciate your understanding and your continued support.

Sincerely,

USC Transportation
