SPRING 2027 STUDENT PARKING PERMIT REGISTRATION GUIDE

- Permits are sold on a **semesterly** basis. Students who have a Fall 2026 permit will be invited via email to renew their permit from Fall to Spring ***(invitations will be emailed mid- to late-November). Permits do NOT renew automatically; action is required.*** Contact us at auxtrans@usc.edu **after December 1** if you have not yet received the email.

- New students **must be registered for classes** or **admitted to USC** for Spring 2027 in order to have their USCID/student account imported from SIS into AIMS.

- You cannot create a guest account just to buy a permit – **student permits are not available to guests**.

- Locations are sold on a **first-come, first-served basis**; if a location reaches capacity, you *may* be invited to join a waiting list, if your chosen location has one. There is no guarantee that a waiting list will ever clear – you should consider purchasing at a secondary location with available capacity while waiting for the location you want.
